Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: During the interview Examiner clarified his position regarding Advisory action of 3/26/2006. Specifically, Examiner indicated that the proposed changes to independent claims 1, 24 and 26 (See Amendment After Final rejection of 2/17/2006) make said claims allowable over prior art of record. Said Amendment After Final does not contain any proposed changes for independent claim 23. Therefore, claim 23 remains rejected under 35 U.S.C. 103(a) as being unpatentable over the prior art of record. In response to examiner's clarification, Applicant canceled claim 23, and gave authorization to Examiner's amendment to amend claims accordingly to place the application in condition of allowance.
